About Us

Welcome to **Channel-Line Corporation!**

We are a full service printing company, a complete resource encompassing all aspects of print solutions from pre-press through fulfillment. We provide our clients with state-of-the-art conventional and UV printing capabilities. Channel-Line Corporation is a company that welcomes the opportunity to pursue new and progressive solutions for our clients.

We specialize in high quality, fast turn, full colour printing. We produce a high quality Labels, Stickers, Cushions and Gift Boxes for commercial and industrial use. We currently supply different industries from electronics, garments, foods and media companies worldwide. We provide local service even to small scale businesses.

Our commitment to being the best causes us to be certified by Underwriters Laboratories - the year 2002. It expanded and relocated its site: adding tape and cushion in its production lines, and accredited by TUV PS on the year of 2003. Then, in January 2004, we were awarded as the "Best Supplier for the Year 2003" by Samsung Electronics Philippines.

As part of our expansion we opened Channel-Line Printing Corp. and started producing carton and printed boxes. Our new site of about 1,800 square meters is located at Building no. 14 EZP Business Park CPIP, Phase 4 Barangay Batino, Calamba City Laguna, Philippines 4027.

For 10 years of service to community, commitment to quality and service has always been a pillar of Channel-Line's core values, a determined responsibility held by all of our employees. The ongoing investment in technology and equipment provides us a level of quality meant to exceed our client's expectations and satisfactions!

Mission & Vision

OUR Mission

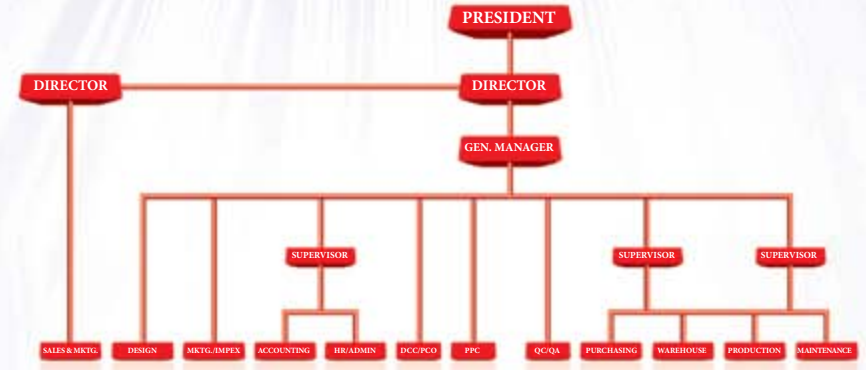

To produce and develop unique quality printing.
 To commit an excellent production for the customers.
 To conduct our company with highest integrity.

OUR Vision

To be the leading supplier of labels, stickers, cushions, boxes, multicolor sheets and other offset printing products in our defined markets.

Organizational Chart

The top level of the center’s organizational chart is the President of Channel Line Corporation. The second level is the Directors of the company.

By analyzing customer needs, CLC set up a series of professional service standard. All members in the sales and marketing team, who have direct contact with customers, must take part in strict training and assessment to obtain a quality service for the customers. With the professional capabilities, we provide close and efficient support to customers, to meet and exceed their expectation. The Sales and Marketing department reported directly to the director.

The next level is the General Manager of CLC. The general manager obtains a respective career with the obtained organizational and professional expertise.

The functions under the General Administration office is headed by the supervisor engaged in a common set of functions to meet the company’s goals. Reporting directly to the supervisor are the accounting staff and HR staff. Also reporting to the Director are the Design, Marketing/Impex, QC/QA, PPC and DCC/PCO.

The Production/Maintenance Department, headed by the Supervisors reports directly to the general manager, director and president. Supervisors ensures that projects are completed on time and in a cost-effective manner, whether routine daily projects or longer-term ones. They oversee employees and operations, scheduling and coordinating production in any number of businesses, including industrial, electronics, food production and publishing. The Purchasing, Warehouse, Production and Maintenance staff have direct access to the Supervisor, and the Supervisors reports directly to the General Manager.

We come from different departments with different expertise. We come together for the same project to give you a complete satisfaction.

COLOR PRINTING and Carton Boxes

Our Service

Providing fast and excellent quality products.

FAST....

Because in business, every second counts, we guarantee to deliver the goods when you need it. With our well trained and experienced workforce, we can assure you that your requirements will get in you on time.

QUALITY...

We take your business seriously we always go for world class quality.

Our Price

The PRICE is right!

Fast and quality service need not come with a hefty price tag. With our competitive rates, we make sure that you get your hard earned money's worth.

Channel Line Corp. sees service as an opportunity to connect with all levels of customer.

We encourage constant "after project" communication. You may communicate with any (project-related) employee or partner at any time. We communicate in business terms rather than technical terms -- helping you understand the project as it evolves.

We are much more expensive than amateurs, but much less expensive than globally positioned company.
